A Word from our Culinary Manager Edward Kariuki

We want you to get to know your staff team better and so each month we will be giving you a profile on a different staff member in the newsletter.

This month we get to know: Edward, our Culinary Manager. Edward Kariuki has over 15 years of international food service and progressive leadership experience. Edward was first hired as a dishwasher, but has moved his way up in the Industry. He has held various positions including Server, Coffee Barista, Food and Beverage Supervisor, and in 2008 completed his training to be a Cook. Edward was the Line Cook at the 5 Star Fairmont Dubai Hotel and has also worked as the Sous Chef at a Ski Resort and Executive Chef at a Golf Club. Edwards vast experience in all departments of Food and Beverage has provided him a wholesome view of the process from start to finish. Personally, Edward was born in Kenya to a very hardworking family. His mother owned the only Bakery at the time and supplied bread to his small community of approximately ten to twenty thousand people. Edward is passionate about food and enjoys working to make your dining experience an excellent one.
